The Ntaifitenss ROC IT Plate Loaded gym equipment offers has over 14 plate-loaded single stations focusing on specific muscle groups. This Plate Loaded Line is a top-performing line of commercial strength equipment.

Traditional machine-based exercises are not considered functional by virtue of their inability to mimic activities of daily life. The Ntaifitenss POC IT Plate Loaded Line using the machine becomes an integral part of the exercise. Additionally, the rocking movement constantly shifts the user's center of gravity to impose small, yet appropriate challenges to the core musculature, while maintaining adequate stability.

The advantage is unrestricted joint movement and activation of the core. This gives you the benefit of stabilizing movement with functional training. The converging and diverging movement provides a unique, yet natural exercise motion.
